DUS Long Distance Communications, Inc. received no customer complaints in the past year concerning the unauthorized release of CPNI. Further, DUS Long Distance Communications, Inc. has taken no action against data brokers for the unauthorized release of CPNI during calendar year 2010. DUS Long Distance Communications, Inc. will report any information it may obtain with respect to the processes pretexters are using to attempt to access CPNI and what steps DUS Long Distance Communications, Inc. is taking to protect CPNI.

This certification is dated this 23 day of February, 2011.

James Baer
Chief Executive Officer
DUS Long Distance Communications, Inc.

Accompanying Statement to Annual CPNI Compliance Certification for

DUS LONG DISTANCE COMMUNICATIONS, INC.

DUS LONG DISTANCE COMMUNICATIONS, INC. ("DUS") operating procedures ensure that DUS is in compliance with 47 C.F.R. Part 64, Subpart U, as follows:

Employee Training and Discipline

- DUS requires all employees as well as, contractors and agents (if applicable) with access to CPNI to sign a Statement of CPNI Acknowledgement, stating that they are to protect the confidentiality of the CPNI and that they are prohibited to use the CPNI information for any purpose other than addressing customer inquiries or for other internal matters that are NOT related to marketing efforts. Failure to follow the Statement may result in disciplinary action or termination of their employment.

Sales and Marketing Campaigns

- DUS requires management approval for any and all sales and marketing campaigns to ensure that CPNI is not used.
- DUS does not sell or license CPNI from its product service offerings for third party marketing campaigns.
- DUS ensures that agreements entered into with third party service providers that store CPNI include verbiage that acknowledges such CPNI is DUS's proprietary information and that the service provider is prohibited to use such information for solicitation or for any other purpose outside the terms of the agreement.

Record-Keeping Requirements

- DUS does not store CPNI records in its internally maintained databases.
- DUS requires that CPNI records maintained by third party service providers are being maintained for a minimum of one (1) year.

Establishment of a Supervisory Review Process

- DUS establishes a supervisory review process for all outbound marketing situations to ensure no CPNI records are being utilized.

Opt-In

- DUS does not market CPNI. However, if DUS was to market CPNI it would only disclose CPNI to sales agents, affiliates, joint venture partners, independent contractors or to any other third parties after receiving "opt-in" approval from a customer.
- DUS enters into confidentiality agreements with joint venture partners, independent contractors or any other third party when releasing or storing CPNI. All such confidentiality agreements are reviewed by management for compliance with this Policy.

Opt-Out Mechanism Failure

- DUS will not market CPNI. However, if DUS was to market CPNI it would establish a protocol requiring written notice to the FCC within five (5) business days of any instance where opt-out mechanisms did not work properly, to such a degree that consumers' inability to opt-out is more than an anomaly.

Compliance Certificates

- DUS executes a statement, signed by an officer, certifying that he or she has personal knowledge that DUS has established operating procedures that are adequate to ensure compliance with the FCC's CPNI regulations.
- DUS prepares an Accompanying Statement detailing how operating procedures ensure compliance with CPNI regulations.
- DUS provides, if applicable, an explanation of any actions taken against data brokers.
- DUS provides, if applicable, a summary of all customer complaints received in the past year concerning unauthorized release of CPNI.

Customer Notification of CPNI Changes

- DUS only make changes to CPNI upon a customer's request.
- Customers do not have access to CPNI information on-line. However, customers may access and modify their CPNI information by contacting our customer service center.

Notification to Law Enforcement and Customers of Unauthorized Access

- DUS notifies the appropriate law enforcement agency of any unauthorized access to a customer's CPNI.
- DUS ensures that all records of any discovered CPNI breaches are kept for a minimum of two (2) years.
